Our first Teen Cancer Focus Group in August was a success! The Teen Support Group Committee would like to invite you (teens with cancer, or your loved one/friend has cancer) to further discuss and finalize the launch of the Youth Cancer Support Group. We want to hear your input! The goals of the Teen Cancer Focus Group are to hear the needs of the teens impacted by cancer, and to ensure that our Youth Cancer Support Group is designed to help meet such needs. Whether you, a loved one, or a friend have cancer, we want to hear your voices. Please join us virtually for our discussion.

To register, please contact (805) 379-4777 or [Programs@cancersupportvvsb.org](mailto:Programs@cancersupportvvsb.org).

Cancer Support Community Valley/Ventura/Santa Barbara is an independently governed and funded non-profit and an affiliate of the Cancer Support Community. We are dedicated to helping local residents with cancer and their loved ones enhance their health and well-being through professionally led support groups, educational workshops, nutrition and exercise programs, and mind/body connection classes.

All of our programs are provided AT NO CHARGE thanks to the generosity of corporations, foundations and individuals who believe in our mission. Our mission is to ensure that all people impacted by cancer are empowered by knowledge, strengthened by action, and sustained by community.
