

Virtual Workshop

## WHAT'S NEW IN LUNG CANCER?

With Dr. Ashwin Kashyap

**Date:** Thursday, November 18, 2021

**Time:** 12:00 pm - 1:00 pm

**Location:** Online (Zoom)

**Cost:** No Cost

**RSVP:** [www.cancersupportvvsb.org](http://www.cancersupportvvsb.org)  
[programs@cancersupportvvsb.org](mailto:programs@cancersupportvvsb.org)  
or calling 805.379.4777

This workshop is supported by:  City of Hope.

This workshop will cover the latest information for lung cancer. Dr. Kashyap will explore how lung cancer is evaluated and treated. Additionally, he will educate us on the types of lung cancer, potential treatments and side effects, clinical trials, and the emotional concerns of a lung cancer diagnosis. Please join us to learn more.

### ABOUT OUR PRESENTER

Dr. Ashwin Kashyap is an Assistant Clinical Professor, Department of Medical Oncology & Therapeutics Research at City of Hope. He received his medical degree and completed his internship at University College London in 1985. He then completed his residencies at Williamstown Hospital in Australia and New York's University of Rochester, where he also finished his fellowships in medical oncology and hematology.

This program is provided through unrestricted educational grants from:
